free Nook books as well. There's a new book listed at least once a day, but often times there are many listed in one day, and you can download one or all of them.

1 2 Stock Market Data

Most traders only require Level I market data because Level I market data provides all of the trading information they need to display the price charts that they will use to perform analysis and make trading decisions. For many traders, watching the constant flurry of changing bids and ask prices on the Level II will result in information overload, which could actually have a detrimental effect as opposed to a positive one.
