Auguste Perret, 1874-1954 Teoria E Opere - PhilPapers

August Perret (1874-1954) French Architect and Building Contractor, Perret was a precursor of Modern Architecture. The reason of his fame can be found in his pioneering application of reinforced-concrete and in the ability to foresee new possibilities in architectural figurative expression. August Perret (1874,1954), old picture.

Auguste Perret (1874 - 1954), is a French architect who was one of the first to grasp the constructive interest of armed concrete. He set-up the principles of the "armed concrete order". Beyond classical rationalism acquired at the Beaux-Arts, his concern for the structure has its source in Auguste Choisy and Eugène Viollet-le-Duc.
