best options to review.

Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Harry Potter is dangerous? The beloved book series by author J.K. Rowling about a young wizard and his friends has been taken off library shelves at St. Edward Catholic School in Nashville because the school's pastor believes the books' magical spells are real. According to Independent, the pastor named
