Prerequisite(s): (BIS 001A, BIS 001B, BIS 001C) or (BIS 002A, BIS 002B, BIS 002C); Residence at Bodega Marine Laboratory required. Biological and physical processes affecting plant and animal populations in the rich array of habitats at the Bodega Marine Laboratory ecological preserve.

BIS—Biological Sciences - ucdavis.pubs.curricunet.com

This lab will give you the opportunity to collect and analyze data on population growth for a rapidly reproducing plant species, Lemna minor or duckweed. In addition, you will gain experience in experimentally manipulating populations and learn how density-independent and density-dependent factors affect population growth.
