The four volumes remain essentially a series of comprehensive mini-textbooks on every major subject in urology. There are significant changes for this edition in organization, content, and authorship, and these reflect the ever-changing nature of our field, and, for many subjects, the passing of the baton from one generation to the next.

Amazon.com: Customer reviews: Campbell-Walsh Urology E ...

This is the third incarnation of Meredith Campbell's classic text on urology (originally published in 1954) that I have had more than grazing contact with (and the 10th in all since its original inception). Looking leaner and better toned than some of its flabbier four-volume predecessors - it remains an institution in the world of urology.
