Electrical hazards The Cary Eclipse system and some accessories contain electrical circuits, devices, and components operating at dangerous voltages. Contact with these circuits, devices and components can cause death, serious injury, or painful electrical shock.

Cary Eclipse Fluorescence Spectrophotometer

The Varian Cary 50 can measure samples up to 3 Abs so you won't have to dilute as often. The Varian Cary 50's super-concentrated beam makes it ideal for fibre optic work, offering excellent coupling efficiency and light throughput. And, its room-light immunity makes shielding of a fibre optic probe unnecessary.
