ID TECH's SmartPIN K100 is PCI compliant and certified for the highest degree of PIN security. The SmartPIN K100 supports TDES encryption algorithm using DUKPT key management and Master/Session. The SmartPIN K100 is robust and vandal resistant with waterproof keys to withstand splashed, spilled, & direct liquid spray. The molded metal body and stainless steel cover, along with metal engraved ...

SmartPIN K100

In the simplest terms, the megapixel rating is the total number of pixels that will make up and image captured by a camera sensor. To get the total number of pixels, you simply multiply the number of horizontal pixels by vertical pixels. For instance, a 3008 x 2000 sensor in my Pentax K100 DSLR equates to six megapixels.
