This concise guide is grounded in academic research yet written in a highly accessible style for anyone concerned about the future of retirement.

### **Falling Short: The Coming Retirement Crisis and What to Do ...**

Falling Short: The Coming Retirement Crisis and What to Do About It, written by benefit experts, Charles Ellis, Alicia Munnell and Andrew Eschtruth, is a great resource for plan sponsors. It provides an analysis of what the authors call the "retirement security challenge."

### **Falling Short: The Coming Retirement Crisis and What to Do ...**

Even more disturbingly, Falling Short: The Coming Retirement Crisis and What to Do about It deals only with workers whose retirement income will depend on defined contribution plans, which are now the predominant form of retirement funding in the United States. Defined benefit plans have gone out of fashion, yet 1.5 million Americans are enrolled in multiemployer pension plans that could be in jeopardy given that backup by the Pension Benefit Guaranty Corporation (PBGC) is in doubt.
