Ford took over production from Sherman in the late 1950's or early 60's to keep it all under one roof. This one was probably built in the early 60's for even earlier tractors because the casting code on the top plate- "C3NN...." translates to 1963 ("C" is Ford's part number code for the decade of 1960-'69, "3"

The auxiliary PTO lever puts the operation for the PTO in front of you, where it should be. The kit includes a knob that matches the existing transmission lever on the 8N, so it doesn't even look like an add-on! An excellent accessory that fits most older Ford tractors! Installs easily using hand tools. No modifications required to your tractor.
