Japanese Law

The Law of Japan refers to legal system in Japan, which is primarily based on legal codes and statutes, with precedents also playing an important role. Japan has a civil law legal system with six legal codes, which were greatly influenced by Germany, to a lesser extent by France, and also adapted to Japanese circumstances.

Law of Japan - Wikipedia

Japanese law, the law as it has developed in Japan as a consequence of a meld of two cultural and legal traditions, one indigenous Japanese, the other Western. Before Japan's isolation from the West was ended in the mid-19th century, Japanese law developed independently of Western influences. Conciliation was emphasized in response to social pressures exerted through an expanded family unit and a close-knit community.
