Life Coaching Manual

Life coaching can help fill in the gaps in our master plans and clarify the path from where we are to where we want to be. It is a partnership between the life coach and the client designed to help the client explore their options, focus on their goals, and create a personalized action plan.

Your Ultimate Life Coaching Tools Library (+PDF & Exercises)

Life coaching is not therapy, but many of the qualities that therapists possess, and the techniques they use, naturally lend themselves to a life coaching approach. Because Ellis advocates a more directive approach than most authors of life coaching books, this book will naturally appeal to therapists and counselors used to conducting therapeutic interventions.

Life coaching can help with virtually any aspect of someone's life, whether it is in their personal or professional life. Hiring a life coach for personal difficulties has become a huge market and is continuing to grow. Most often a life coach's services are required for family coaching or help with a relationship. With over a third of all marriages in the UK ending in divorce, more and more people are turning to a life coach in an attempt to save their relationship.

A LIFE COACHING PHILOSOPHY? So given all this, does life coaching have a common philosophy? As we have seen, life coaching has a number of theoretical origins, and has made its entrance into different parts of the world in different ways. Unsurprisingly then, there are several schools of thought about what constitutes best practice as a life coach.
