The Problem Of Political Authority

The eponymous problem of political authority is the question of what the distinction between these cases might be — on what basis, if any, might we justify this difference in treatment between the behavior we consider ethically justified from individual actors versus the power we accord to the state.

The Problem of Political Authority: An Examination of the ...

The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey is a book by University of Colorado philosophy professor Michael Huemer released in January 2013.

The Problem of Political Authority - Wikipedia

In part one, Huemer argues that political authority is an illusion, that is, that governments do not actually have some special authority to coerce their citizens to do whatever they want them to do, and associated with that, citizens do not actually have any obligation to obey the governments ruling over them.

The Problem of Political Authority: An Examination of the ...

invocation of political authority. Political authority (hereafter, just "authority") is the hypothesized moral property in virtue of which governments may coerce people in certain ways not permitted to anyone else, and in virtue of which citizens must obey governments

The Problem of Political Authority

The eponymous problem of political authority is the question of what the distinction between these cases might be — on what basis, if any, might we justify this difference in treatment between the behavior we consider ethically justified from individual actors versus the power we accord to the state.

The Problem of Political Authority - An Examination of the ...

The state is often ascribed a special sort of authority, one that obliges citizens to obey its commands and entitles the state to enforce those commands through threats of violence. This book argues that this notion is a moral illusion: no one has ever possessed that sort of authority.

The Problem of Political Authority | SpringerLink

I've read almost every major work of libertarian political philosophy ever published. In my view, Michael Huemer's new The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey is the best book in the genre. What's so great about it? Simple: Huemer scrupulously reasons from widely shared moral [...]

The Problem of Political Authority by Michael Huemer - Econlib

This book examines theories of political authority, from the social contract theory, to theories of democratic authorization, to fairness- and consequence-based theories. Ultimately, no theory of authority succeeds, and thus no government has the kind of authority often ascribed to governments.

Download [PDF] The Problem Of Political Authority An ...

Bryan Caplan praises Michael Huemer's work on the problem of political authority because it avoids the extremes of both rights-based and consequentialist reasoning. Each has notoriously foundered on difficult problems in the past, as is well-known to students of political philosophy.

The Problem of Authority | Cato Unbound

As the title The Problem of Political Authority suggests, a central issue in political philosophy is the nature and justification of the authority of the state.

The Problem Of Political Authority - By Michael Huemer ...

The justification of political authority (the authority of the state) is one of the long-standing issues of political philosophy, and one that persistently defies satisfactory solution. This book sets out to provide an original justification by establishing a background framework for dealing with the problem.The book begins (in Ch. 1) by identifying the main elements of authority, arguing ...

System of Rights - Oxford Scholarship

To tie a lot of this together, Trump and Barr have so degraded the norm against political interference in criminal cases that a serious incentive problem now exists in the Justice Department and ...
