Type Matters

Type Matters! Once upon a time, only typesetters needed to know about kerning, leading, ligatures, and hanging punctuation. Today, however, most of us work on computers, with access to hundreds of fonts, and we'd all like our letters, reports and other documents to look as good – and as readable – as possible.

Type Matters! by Jim Williams - Goodreads

Type Matters! is a book of tips for everyday use, for all users of typography, from students and professionals to anyone who does any layout design on a computer. The book is arranged into three chapters: an introduction to the basics of typography; headline and display type; and setting text.

Type_matters -3 points-2 points-1 points 15 days ago · I have to disagree and if you look closer it has everything you need for a proper wine dinner. It's a one page menu with all the courses, description of the dinner, the price of the dinner and a story of the chef. Considering this is the exact copy the client sent and wanted I'd say it works.
