What Night Brings. Edit. History Comments (11) Share. Our planet is a small speck in the Milky Way. When you look at the size of our world, it's dust. There's millions or maybe billions of stars in this Galaxy. Life has to exist elsewhere. That's what I said as a kid. I would sometimes imagine the day when we'd find advanced life out there and

Wake me from what this night brings
The devil you sleep with
will leave you cold
Barely Breathing
The stories I weave an
intricate sheet
That flows from the tip of my tongue
The lies in
messages spoken
are endless
The faster you sink, the less you
hope I tighten my grip,
still I slip the hold
Give me lessons for
change
